ASEP "FIRST STEP" TRAINING PROGRAM

In Eskasoni (12 weeks), Start date: March 14, 2011

The goal of this program is to prepare ASEP clients for successful transition into:

- The Workplace
- Post Secondary Education
- Or Specialized training

The program will develop employability skills by focusing on:

- Essential Skills
- Personal Development
- Career Exploration
- Computers
- First Aid CPR
- Workplace and Education Expectations

This training may be for you if:

- You are interested in future ASEP Training Programs, such as EMERA, Bell Aliant and NS Power, this program is a great first step
- You have little or no workforce connection
- You are in need of career direction
- You have completed training but not found related employment

This program will provide participants with the skills necessary to succeed in the workplace, specialized training, or academic environment. This is a foundation program intended for those who want to access specialized ASEP Training.
