

Unama'ki Chamber of Commerce Official Launch

Tuesday, November 24th, 2009

7:00pm – 9:00pm

ARE YOU AN ABORIGINAL BUSINESS OWNER? ARE YOU INTERESTED IN STARTING YOUR OWN BUSINESS IN THE NEAR FUTURE? COME AND JOIN US...

In support of the years of effort that the Unama'ki business owners have made towards self-reliance and self-determination, the Unama'ki Economic Benefits Office has put together an initiative to bring together Unama'ki Aboriginal firms in an effort to help form the very first Unama'ki Chamber of Commerce.

This Chamber will work to identify common strengths and opportunities as well as to address challenges that Aboriginal business owners face in Unama'ki and beyond. The collective firms will also identify solutions that will work towards strengthening the Aboriginal economy that will help build stronger communities for the people today and in the future.

We invite you to share with us in this new and prosperous vision!
